

International Student Transfer Request Assessment Policy

POLICY PURPOSE

UTS Insearch will assess all requests from students applying to transfer to/from UTS Insearch by a transparent process that ensures a transfer will only be granted if UTS Insearch's academic criteria are met, all related legislation is complied with, and all relevant parties are informed of changes to the student's visa conditions.

SCOPE

This policy applies to staff required to deal with international student requests to transfer to or from other providers, specifically staff in the UTS Insearch Student Centre, Admissions and Student Sponsorship, Compliance and Reporting teams.

DEFINITIONS are set out at the end of this policy.

POLICY PRINCIPLES

Principle	Responsible
TRANSFER FROM ANOTHER PROVIDER TO UTS INSEARCH	
1. UTS Insearch will grant an onshore student's request to transfer from another institution to UTS Insearch if the student meets UTS Insearch's entry criteria, has complied with visa conditions (is compliant with the Department of Home Affairs visa conditions and therefore has not been reported to the Department of Home Affairs by their previous provider) and has successfully completed at least six months of their principal course, as evidenced by their student visa principal course start date or (where necessary) the student's data in the PRISMS system.	Student Centre/ Admissions/ SSCR

Principle	Responsible
<p>2. If the student has not completed six months of their principal course, transfer will be granted subject to the following conditions:</p> <ul style="list-style-type: none"> ▪ The student's previous provider approves the student's release. <p>OR</p> <ul style="list-style-type: none"> ▪ There is evidence that the student is prevented from continuing their principal course of study due to sanctions on or deregistration of the original provider or original course of study. <p>OR</p> <ul style="list-style-type: none"> ▪ The student's sponsor or the body such as a Cultural Mission managing the sponsorship (Australian or other) considers the transfer to be in the student's best interest and provides written support for the transfer. 	<p>Student Centre/ Admissions/ SSCR</p>
<p>3. Students transferring from another provider, must also comply with the Student Application, Admission and Enrolment Policy</p>	<p>Student Centre/ Admissions/ SSCR</p>
<p>4. If the student is under 18, transfer will be granted subject to the above conditions plus the following conditions:</p> <ul style="list-style-type: none"> ▪ A letter from the student's parent or legal guardian agreeing to the transfer accompanies the application (or is received prior to admission to the UTS Insearch course). <p>AND</p> <ul style="list-style-type: none"> ▪ A staff member from Student Admissions or the Student Centre confirms that the appropriate accommodation and welfare arrangements are in place and submits a CAAW (where the student moves into UTS Insearch approved accommodation). 	<p>Student Centre/ Admissions/ SSCR</p>

Principle	Responsible
5. If an onshore student under the age of 18 transferring from another institution is to remain with a Department of Home Affairs approved carer they will need to provide documentation to confirm that the carer with whom they are living is a Department of Home Affairs approved carer. No UTS Insearch CAAW is required in such cases. Where a student at time of application wishes to stay with their current carer where that carer was approved by the previous provider, UTS Insearch is required to carry out an inspection as a special arrangement homestay and provide a CAAW if approved. As this special arrangement approval can take some time to complete, the student cannot be admitted to UTS Insearch until the special arrangement is approved or if admitted, must move to a UTS Insearch homestay until the special arrangement is approved. All international students under the age of 18 must be provided with a UTS Insearch CAAW when staying in UTS Insearch approved accommodation including special arrangement. 11. Where a student is doing a package course including one or more courses offered by UTS Insearch and a course offered by UTS (at undergraduate or postgraduate level), the university course is considered the principal course of study, therefore all requests for transfers, if approved by UTS Insearch, must also be approved by UTSI. If UTS Insearch recommends release, UTS Insearch will advise UTS of this and if also approved by UTS, UTS Insearch will advise the student of this approval to transfer elsewhere and the need to check with the Department of Home Affairs regarding the need to obtain a new visa.	SSCR
12. Under the SSVF program students must not transfer to a course where the course or the last course in a package of courses package has a lower AQF than the course for which they were originally granted a student visa. This includes but is not limited to students who have been warned for non-attendance or students on academic caution. ▪ Where a student is unable to achieve satisfactory course progress at the level they are studying or If the student expresses difficulty with the program of study but has not sought assistance from Study Success Advisers but has failed to engage with UTS Insearch's intervention strategy to assist students. ▪ If the student intends to study at a lower Australian Qualifications Framework (AQF) level. ▪ A desire to change to a course with lower fees ▪ Minor illness or homesickness ▪ Difficulties in adjusting to living in Australia or academic life ▪ Failure to enrol or re-enrol in a course by the enrolment date ▪ Failure to understand or seek clarification of key dates or withdrawal procedures ▪ Distance of a student's accommodation from the campus ▪ If the student is experiencing homestay or other accommodation problems ▪ Financial problems ▪ A desire to move to another institution to be with friends ▪ Matters unrelated to your studies at UTS Insearch such as where a student is experiencing program schedule conflict with personal, work, or other non-study commitments 	SSCR
