

## Attendance Policy, UTS Foundation Studies

### POLICY PURPOSE

The purpose of this policy is to comply with the legislative requirements relating to overseas student visas in Australia. UTS Insearch is required to:

- monitor and record overseas students' course attendance, consistent with their student visa conditions;
- be proactive in notifying and counselling overseas students who are at risk of not meeting course attendance requirements; and
- notify the Department of Home Affairs if UTS Insearch finds that a student has not met course attendance requirements.

The above requirements come from Standard 8 of the National Code. The National Code sets out standards that support Australian higher education providers deliver quality education and training to overseas students. This policy should be read in conjunction with the *UTS Foundation Studies Student Attendance Management Procedure*.

### SCOPE

The policy applies to:

- All overseas students on a current student visa who are enrolled in a UTS Foundation Studies course
- All staff involved in managing and reporting these students' attendance

It **does not** apply to domestic students, or overseas students on another type of visa (such as a tourist or working holiday visa).

**DEFINITIONS** are set out at the end of this policy.
